# YOUR TOOLS & THE DUSTLESS SYSTEM

Hand grinders, saws, drills, and other construction tools create large volumes of dust. This dust is harmful to your lungs, timely to clean up, and required by law to be contained in many cases. Your tool can't solve all these issues alone. Using your tool as part of a Dustless System solves each of these problems.

Government agencies can fine between \$10,000 and \$100,000 for failing to comply with hazardous dust control rules on construction sites. Dustless systems either meet the standard outlined in Table-1 of OSHA's silica standard or meet compliance through objective data.

# SHROUDS UNIVERSAL CONTROL

Each Dustless shroud is engineered to have a universal fit. Our shrouds will work with most major brands and their respective tools.

When used with a proper vacuum, such as our line of Dustless Vac's, our shrouds are the simplest solution for complying with OSHA's silica rule and other regulations.

## DustBuddie® XP for Hand Grinders

Our high-end grinding shroud with sliding edge clip is our most durable and convenient shroud for any grinding application.

**TOOL:** Hand Grinder  
**TASK:** Surface Grinding  
**REQUIRED:** 25 CFM per in. wheel diameter  
**MODEL:** 5" - D5835  
7" - D5850

**INCLUDES:** (1) 18" flexible hose,  
(3) height adjustment spacers  
(1) releasable zip tie  
(1) swivel cuff (7" shroud only)

## DustBuddie® for Hand Grinders

Our most popular grinding shroud with removable edge clip is durable and convenient for any grinding application.

**TOOL:** Hand Grinder  
**TASK:** Surface Grinding  
**REQUIRED:** 25 CFM per in. wheel diameter  
**MODEL:** 5" - D1835  
7" - D1850

**INCLUDES:** (1) 18" flexible hose  
(3) height adjustment spacers  
(1) releasable zip tie

## Dustie® for Hand Grinders

Our most affordable grinding shroud meant for one-time-use applications. Front edge can be cut away for grinding against walls or curbs.

**TOOL:** Hand Grinder  
**TASK:** Surface Grinding  
**REQUIRED:** 25 CFM per in. wheel diameter  
**MODEL:** 5" - D1836  
7" - D1854

**INCLUDES:** (1) band clamp  
(1) releasable zip tie

## BitBuddie® for Drilling and Coring

Used for capturing dust and slurry from drilling and coring. Models D1905 and D1908 can be cut to custom shapes and sizes for custom tasks, including cutting drywall.

**TOOL:** Drills/Coring Tools  
**TASK:** Drilling/Coring/Cutting  
**REQUIRED:** 120 CFM  
**MODEL:** 1 3/8" - D1900  
4" - D1905  
8" - D1908 (Hose not included)

**INCLUDES:** (1) 18" flexible hose

## DustBuddie® for Worm Drive/Hypoid Saws

Our dust collection shroud designed specifically for worm drive/hypoid saws. Suitable for concrete dust, saw dust, and other debris.

**TOOL:** Worm Drive/Hypoid Saws **INCLUDES:** (1) wood collection shield  
**TASK:** Cutting (1) swivel cuff  
**REQUIRED:** 125 CFM (1) spacer  
**MODEL:** D4000 (1) releasable zip tie

## DustBuddie® for Flatwork

Our dust collection shroud designed specifically for flatwork with gas powered saws. The shroud's side walls help stabilize lengthy cuts as well as capture dust.

**TOOL:** Gas Powered Saws **INCLUDES:** (1) universal mounting bracket  
**TASK:** Cutting with hardware  
**REQUIRED:** 260 CFM (1) bungee fastener  
**MODEL:** D0084

## DustBull® for Hardscaping

Our dust collection shroud designed for cutting bricks, blocks and pavers with gas powered saws. Wide mouth and hinged mount accommodate various angles.

**TOOL:** Gas Powered Saws **INCLUDES:** (1) universal mounting bracket  
**TASK:** Cutting with hardware  
**REQUIRED:** 260 CFM (1) bungee fastener  
**MODEL:** D1765

## SawBuddie® for Reciprocating Saws

Our dust collection shroud designed for reciprocating saws. Small gap in shroud leaves line of sight unobstructed without effecting collection.

**TOOL:** Reciprocating Saw **INCLUDES:** (1) 18" connector hose  
**TASK:** Cutting (1) releasable zip tie  
**REQUIRED:** 125 CFM  
**MODEL:** D2415

## CutBuddie® for Hand Grinders

The CutBuddie comes with a special cutting depth guide. Useful for decorative concrete cutting, tuckpointing, and crack chasing.

**TOOL:** Hand Grinder **INCLUDES:** (1) 18" flexible hose  
**TASK:** Cutting (3) center adjustment spacers  
**REQUIRED:** 25 CFM per in. blade diameter (1) arbor extender  
**MODEL:** 5" - D1730 (1) releasable zip tie  
 7" - D1750

## CutBuddie® LT for Hand Grinders

The CutBuddie LT is our simplest, most economic cutting shroud for hand grinders. Useful for decorative concrete cutting, tuckpointing, and crack chasing.

**TOOL:** Hand Grinder **INCLUDES:** (1) 18" flexible hose  
**TASK:** Cutting (3) center adjustment spacers  
**REQUIRED:** 25 CFM per in. blade diameter (1) arbor extender  
**MODEL:** 6" - D0730 (1) stepped adapter

## DustBuddie® for Demo Hammers

Our dust collection shroud for jackhammers and SDS demo hammers. Comes with chisel end attachment for chipping applications such as tile removal.

**TOOL:** Jackhammers **INCLUDES:** (1) chisel end attachment  
 SDS Hammer Drills (1) hook-and-loop strap  
**TASK:** Demolition (1) hose segment extension  
**REQUIRED:** 130 CFM  
**MODEL:** D2327

## ChipBuddie® for Scraping

Scraping head dislodges debris into open slots on either side of scraping blade. Attaches to vacuum hose. No additional equipment required.

**TOOL:** None required **INCLUDES:** (3) replacement blades  
**TASK:** Scraping (1) 18" flexible hose  
**REQUIRED:** 120 CFM  
**MODEL:** 61005

# VACUUMS MADE FOR CONSTRUCTION

Designed with construction in mind, these vacuums are powerful enough to take on any application: concrete, drywall, paint removal and more. With a purposeful balance of airflow and suction, our vacuums provide longer use without clogged filters. Each Dustless Vac® provides powerful performance across all types of material at various particle sizes.

Each Dustless Vac comes with a three year warranty and live customer support.

## 16 Gal. HEPA Wet+Dry Dustless Vac®

Our most reliable vacuum for meeting all regulatory needs. Individually tested certified HEPA filters.

<b>CAPACITY:</b> 16 GAL	<b>INCLUDES:</b> (2) WunderBag	(2) extension wands
<b>DEBRIS:</b> Wet+Dry	micro pre-filter	(1) crevice tool
<b>AIRFLOW:</b> 131 CFM	(1) HEPA filter cover	(1) floor tool
<b>WATERLIFT:</b> 103 in	(1) certified HEPA filter	
<b>HOSE:</b> 1.5" x 12'		
<b>FILTRATION:</b> 3 Stages		
<b>MODEL:</b> D1606		

OSHA Silica  EPA RRP  HEPA Certified

## 16 Gal. Wet+Dry Dustless Vac®

Powerful vacuum without HEPA filtration. Suitable for meeting OSHA regulations and general job site cleanup.

<b>CAPACITY:</b> 16 GAL	<b>INCLUDES:</b> (2) WunderBag	(2) extension wands
<b>DEBRIS:</b> Wet+Dry	micro pre-filter	(1) crevice tool
<b>AIRFLOW:</b> 131 CFM	(1) outer filter	(1) floor tool
<b>WATERLIFT:</b> 103 in	(1) inner filter	
<b>HOSE:</b> 1.5" x 12'		
<b>FILTRATION:</b> 3 Stages		
<b>MODEL:</b> D1603		

OSHA Silica

## 8 Gal. HEPA Wet+Dry PRO Dustless Vac®

Our most affordable HEPA certified vacuum. Light capacity means light-weight and easy to handle. Perfect for all regulatory needs.

<b>CAPACITY:</b> 8 GAL	<b>INCLUDES:</b> (1) micro pre-filter bag	(1) crevice Tool
<b>DEBRIS:</b> Wet+Dry	(1) HEPA Filter	(1) round Brush
<b>AIRFLOW:</b> 138 CFM	(1) wet Screen Filter	(1) HEPA Floor Tool
<b>WATERLIFT:</b> 82 in	(2) vacuum Wands	(3) hose adapters
<b>HOSE:</b> 1.5" x 12' & 1.38" x 8'	(1) wet-dry floor tool	
<b>FILTRATION:</b> 2 Stages		
<b>MODEL:</b> D1619		

OSHA Silica  EPA RRP  HEPA Certified

## HEPA Pack Dustless Vac®

Our backpack vacuum is designed for applications where vacuums need to be held off the ground, or for jobs that require high mobility.

<b>CAPACITY:</b> 2.5 GAL	<b>INCLUDES:</b> (2) sealable filter bag	(1) cord retainer
<b>DEBRIS:</b> Dry	(1) filter sock support bag	(1) 2-piece s-wand
<b>AIRFLOW:</b> 120 CFM	(1) HEPA motor/cone filter	(1) HEPA floor tool
<b>WATERLIFT:</b> 108 in	(1) exhaust filters set	(1) crevice tool
<b>HOSE:</b> 1.5" x 5'	(1) 50' extension cord	(1) bristled floor tool
<b>FILTRATION:</b> 4 Stages		(1) tool adapter
<b>MODEL:</b> D1505		

OSHA Silica  EPA RRP  HEPA Certified

## COUGAR® Ash Vacuum

The original ash vacuum's metal canister and fire resistant hose make it useful for cleaning up cool-to-warm ash in residential, commercial, or industrial conditions.

<b>CAPACITY:</b> 6 GAL	<b>INCLUDES:</b> (1) bent metal nozzle	(1) mini ext. wand
<b>DEBRIS:</b> Dry	(1) crevice tool	(1) mini ext. wand - bent
<b>AIRFLOW:</b> 90 CFM	(1) horse hair brush	(1) mini crevice tool
<b>SUCTION:</b> 55" Water	(1) vented cuff	(1) mini round brush
<b>HOSE:</b> 1.1" x 5'	(1) pellet hose	(1) mini oval brush tool
<b>FILTRATION:</b> 2 Stages		
<b>MODEL:</b> A0500		

# BIG THINGS COME IN SMALL BARRELS

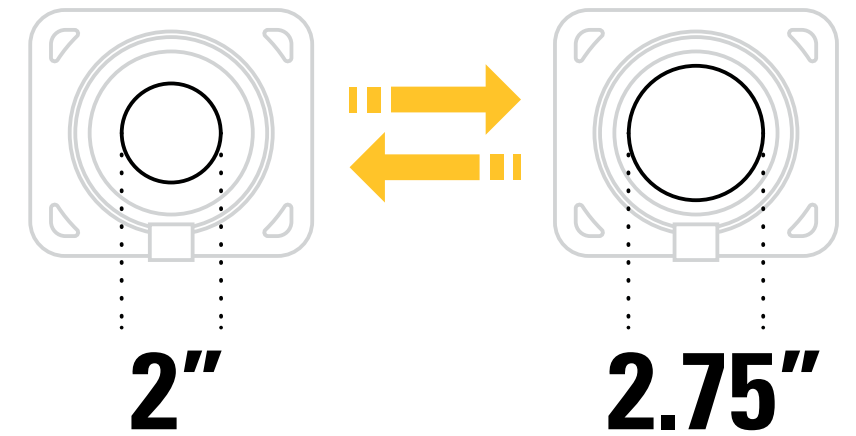

COMING SOON...

# WUNDERBAG® MICRO PRE-FILTER

The Wunderbag Micro Pre-filter is a versatile wet+dry debris collection bag for nearly all shop-type vacuums. Its flexible gasket accepts vacuum ports ranging from 2 to 2 3/4 inches in diameter. Its sealable cap and durable synthetic material means that you can vacuum wet and dry debris of any variety and keep the contaminants held safely inside the bag. Not only does the Wunderbag now come in 3 convenient sizes for different sizes of vacuum, we now offer the Wunderbag in HEPA-material!

## UNIVERSAL FLEXIBLE PORT

The WUNDERBAG's flexible gasket easily accepts vacuum ports ranging from 2 to 2 3/4 inches in diameter.

### WUNDERBAG Micro Pre-Filter

Our universal shop-vacuum bag filters down to 0.5 microns and fits on nearly all brands of shop-type vacuums. Each Wunderbag comes in a two pack.

**CAPACITY:** 4-7 GAL / 8-10 GAL / 12-18 GAL  
**DEBRIS:** Wet+Dry  
**PORT SIZE:** 2-2 3/4"  
**FILTRATION:** 0.5 Microns  
**MODEL:** D1340 (4-7 GAL)  
 D1341 (8-10 GAL)  
 13141 (12-18 GAL)

OSHA Silica  EPA RRP

### HEPA WUNDERBAG Micro Pre-Filter

The HEPA Wunderbag is made of HEPA material that filters down to 0.3 microns at 99.97% efficiency with all the great features of the standard Wunderbag.

**CAPACITY:** 4-7 GAL / 8-10 GAL / 12-18 GAL  
**DEBRIS:** Wet+Dry  
**PORT SIZE:** 2-2 3/4"  
**FILTRATION:** 0.3 Microns  
**MODEL:** D1343 (4-7 GAL)  
 D1344 (8-10 GAL)  
 D1351 (12-18 GAL)

OSHA Silica  EPA RRP

**NOTE:** The HEPA Wunderbag DOES NOT make your vacuum HEPA certified by any regulatory standards.

# INDUSTRIAL VACUUMS

Our industrial vacuums are powerful workhorses. Their simple design means easier maintenance and operation, with all the industrial-grade strength you need for big jobs.

## SlurryVac System

Use with liquid and slurry (no dry pickup), drum with drain port, interchangeable 55 gal drum, 20 amp power, and functional for hoses up to 100 ft.

<b>CAPACITY:</b> 55 GAL	<b>INCLUDES:</b> (1) 55-gallon drum
<b>DEBRIS:</b> Wet	(1) SlurryVac Topper
<b>AIRFLOW:</b> 114 CFM	(1) S-Wand
<b>WATERLIFT:</b> 124 in	(1) drum dolly
<b>HOSE:</b> 1.5" x 25'	(1) filter/float assembly
<b>FILTRATION:</b> 1 Stage	(1) squeegee floor tool
<b>MODEL:</b> H0904 (System)	
	H0901 (Vacuum Topper)

\*The SlurryVac System helps prevent exposure to silica by cleaning up slurry before it dries, not by point of origin Table 1-compliance.

# ACCESSORIES FOR DUSTLESS SYSTEMS

Dustless accessories can help bridge the gap between your existing equipment and a complete dustless system. Each part of a dustless system is designed with universality in mind to work with other major brands. Or if you're just looking for extras, we've got what you need to stay dustless.

## 25' Crushproof Hose

Extra length hose for Dustless Vacs or other compatible vacuums. Crush-proof from the impact of heavy objects, and kink-proof for unrestricted movement.

**CUFFS:** 2.25"  
**LENGTH:** 25 Feet  
**MODEL:** 14291

## 12' Crushproof Hose

Standard length hose for Dustless Vacs or other compatible vacuums. Crush-proof from the impact of heavy objects, and kink-proof for unrestricted movement.

**CUFFS:** 2.25"  
**LENGTH:** 12 Feet  
**MODEL:** 14251

## 18" Adapter Hose

Standard adapter hose for attaching Dustless shrouds to larger vacuum hoses. Perfectly flexible, lightweight, and compact.

**PORTS:** 1.25" / 2.25"  
**LENGTH:** 18 Inches  
**MODEL:** D5155

## Stepped Adapter

Adapter used for attaching Dustless shrouds to larger vacuum hoses of varying width. Can be used in place of adapter hose, or misc. uses with other hoses.

**PORTS:** 2.25" / 1.75" / 1.25"  
**LENGTH:** 3.34 Inches  
**MODEL:** D1414

## HEPA Floor Tool

The HEPA floor tool uses a beater bar which is powered by the suction of your vacuum. Meets EPA RRP requirements for lead abatement.

**PORTS:** 1.25"  
**LENGTH:** 13 Inches  
**MODEL:** 13242

# \$1.2 TRILLION INFRASTRUCTURE BILL

The President of The United States of America has recently reaffirmed his administrations commitment to the Bipartisan Infrastructure Bill. This bill allocates 1.2 trillion dollars to be spent on improving America's Infrastructure. When following the standards put forth in the "Buy American Act," this spending gives American manufacturing, steel, and iron preferential treatment. When consumers, retailers, and contractors buy, sell, and purchase products that meet the "Buy American Act," we each do our part in supporting the economic independence of The United States.

## \$\$ "BUY AMERICAN" ACT of 1933

## VS "MADE IN AMERICA" ADVERTISING STANDARD

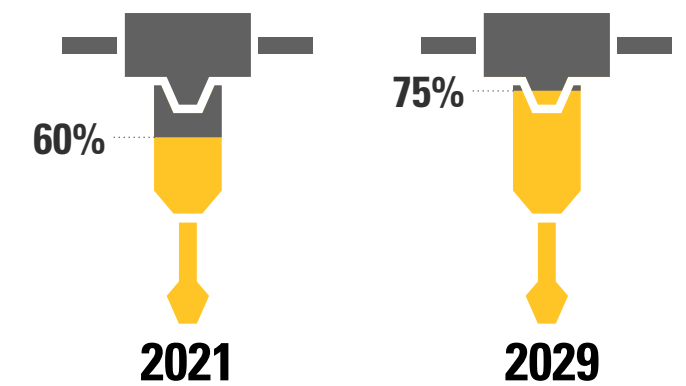

The "Buy America Act" was created in 1933 and signed by President Hoover requiring Federal Government spending to procure domestic materials and products.

The "Buy America Act" requires that all government purchases contain 60% of American-made steel, iron, or manufactured goods. Unless they are under the micro-purchase threshold of \$10,000 or no suitable product can be sourced within the United States.

The terms "Buy American" and "Made in America" mean different things from the perspective of government regulators. The term "Buy American" refers to a bill that requires federal government spending to procure goods produced in America. As of Executive Order 14005, the "Buy American Act" requires a product to contain 60% America-made content. Goods that follow this standard can claim "Buy American Act Compliant."

Executive Order 14005 increased the domestic content threshold required for the "Buy American Act" from 55% to 60% and proposed raising it to 65% in two years and 75% by 2029. The increases are strategically spaced to give companies the time to increase the content of their products to meet the standards set in place.

### REQUIRED % FOR BUY AMERICAN ACT

### REQUIRED DOMESTIC PURCHASES FOR "BAA"
